Project details and costs

Project Title			
Completion Date			
Approved Funding (excl GST)	$	**Final Claimed Amount (excl GST)**	$
Approved Contribution (excl GST)	-	**Final Contribution (excl GST)**	-
Did this project receive funding under: **A – Queensland Disaster Resilience Fund 2018-19** **or;** **B – Prepared Communities Fund**	A – Queensland Disaster Resilience Fund 2018-19 or B – Prepared Communities Fund		
Was the project delivered within scope or expanded? **If the project scope was expanded, please provide supporting information detailing expanded scope.**			

Project outcomes

Please note that QRA may the use information provided below for evaluation purposes and in the development of case studies which showcase the project's outcomes.

What issue/need did this project address?	
How has the project contributed to strengthening the community's resilience in accordance with the objectives of the Queensland Strategy for Disaster Resilience (QSDR), listed below?	
1. Queenslanders understand their disaster risk *2. Strengthened disaster risk management* *3. Queenslanders are invested in disaster risk reduction* *4. Continuous improvement in disaster preparedness response and recovery*	
Please provide any key statistics/results produced by the project.	*For infrastructure projects – e.g. length of road restored, enhanced performance capability of built infrastructure* *For non-infrastructure projects – e.g. for a community education campaign – number of people targeted, number of community events, socio-economic impacts*
If relevant, how will the project be evaluated?	*For example, key performance indicators, success criteria, reviewing impact data*
If relevant, could this project be scaled up to be delivered at a regional/State level?	
Are there any lessons learned from this project?	
Where relevant, please include photos that relate to the project. ***Please note, photos may be used to assist in the development of case studies.***	*e.g. For infrastructure projects – before/after photos* *e.g. For non-infrastructure projects – photos of delivery of training, community information products produced, community engagement events, workshops, etc.*
For infrastructure projects, please provide GPS coordinates of the location of the completed project.	
If applicable, please include final reports that were developed as part of this project, e.g. completed flood studies.	

Do you have any feedback that you wish to provide to assist QRA improve its processes in relation to administering Resilience Funding programs?
